

Entrepreneurial Mothers Association

Entrepreneurial Mothers Association (EMA) provides the opportunity for self-employed mothers to enhance their professional and personal development by offering support, exchanging information, and sharing resources and referrals.

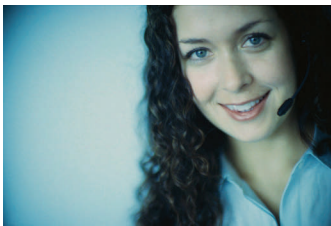

Our members represent all the stages of a woman's life-married, single, divorced, and widowed. They have come into motherhood through birth, adoption, and step parenting and own a variety of businesses.

Many of us are home based sole proprietors while others do business from storefronts with multiple employees and our businesses are as diverse as the women who own them. Because we believe cooperation is more important than competition, our support of one another goes beyond the purely professional level to the much deeper personal connection found among friends.

We look forward to getting to know you better. Guests are always welcome to attend two meetings, so if you decide not to join us today, please do come visit again. We'll welcome you back with a smile and a friendly "Hello."
